EDUCATION

Chandigarh University

Master of Computer Applications (MCA)

Mohali, Punjab

Aug 2024 – Jun 2026

Kurukshetra University

Bachelor of Science in Information Technology

Kurukshetra, Haryana

Aug 2020 – Jun 2023

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, SQL, HTML/CSS

Frameworks & Libraries: Spring Boot, Spring MVC, Spring Security, Spring Cloud, React.js, Node.js, Express.js, Hibernate, JPA, Bootstrap

Databases: MySQL, PostgreSQL, MongoDB Atlas, Redis

Tools & Technologies: Docker, Microservices, RabbitMQ, Actuator, RESTful APIs, JWT, OAuth 2.0, Git, Github Actions, CI/CD, Maven, Postman, DBeaver

Core Competencies: Data Structures & Algorithms, System Design, Object-Oriented Programming, API Development

EXPERIENCE

InnoByte Services

Java Developer Intern

New Delhi, India

Apr 2026 – May 2026

- Developed and maintained backend functionalities using Java and Spring Boot for web-based applications
- Built and tested RESTful APIs with PostgreSQL database integration and CRUD operations
- Collaborated with the development team to debug issues, optimize performance, and improve application reliability

PROJECTS

Hospital Management System | Spring Boot, PostgreSQL, Spring Security, JWT, OAuth 2.0

- Architected an enterprise-level hospital management backend with JWT authentication, OAuth 2.0 (Google & GitHub), and role-based access control for 1000+ potential users
- Engineered RESTful APIs for patient management, doctor management, appointment scheduling, and insurance handling with optimized PostgreSQL queries
- Implemented Spring Security with BCrypt password encryption and stateless authentication, ensuring HIPAA-compliant data protection and eliminating security vulnerabilities

PopCornHub - Movie Ticket Booking Platform | ReactJs, Redux, Spring Boot, Spring Security, MySQL, Redis, TMDB API

- Built a full-stack movie ticket booking platform integrating TMDB API for real-time movie data, serving 500+ active users with seamless booking and payment processing
- Implemented JWT authentication with Redis caching, improving session management efficiency by 50% and reducing database queries by 35%
- Integrated Razorpay payment gateway with secure transaction handling, processing 200+ bookings at 99.9% success rate and comprehensive booking management
- Engineered interactive seat selection UI with React.js and WebSocket for real-time availability, achieving 95+ Lighthouse performance score and optimized state management

Carbo - Carbon Footprint Tracker | React, Express.js, MongoDB, Bootstrap

- Created a web app for tracking personal carbon footprint across transportation, energy, and lifestyle categories, helping users reduce emissions by up to 30%
- Developed RESTful APIs using Express.js and MongoDB with efficient data aggregation, enabling real-time dashboard updates with sub-200ms response times
- Designed responsive UI with React and Bootstrap CSS featuring dark mode, Chart.js visualizations, and performance-optimized components reducing load time by 40%

CERTIFICATIONS & ACHIEVEMENTS

Web Application Development Technologies – Professional Certification

Data Structures & Algorithms – Solved 300+ problems on LeetCode and HackerRank

Computer Applications Diploma – Haryana State Electronics Development Corporation Ltd.
